

California OES Weather Threat Briefing

Tuesday, October 12, 2021
9:00 AM PDT

Day 1 (Tuesday): Gusty offshore winds continue across much of central and southern California, bringing elevated to locally critical fire weather concerns.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

10/12/21 - 10/18/21

Tuesday-Sunday

- Gusty offshore winds continue for the first half of Tuesday across portions of central and southern California, though not as strong and gusty as Monday.
 - Gusty offshore winds could linger across southern California on Wednesday.
- Cooler temperatures expected statewide through mid week.
- Gradually warming is expected by late in the week and into the weekend.
- Gusty winds and increased fire weather concerns are increasingly likely across central CA on Thursday and for the southern CA mountains on Friday
